In this park you have the chance to see lots of wild Tanzanian animals (lions, buffalos, giraffes, zebras, etc.), but above all else it is famous for its astonishing number of elephants, who typically tend to stay close to their drinking source, the Tarangire River.

At lunch time you will be provided a meal, after which the safari will continue with the game drive services. In the evening you will be transferred to the hotel.

It's a particularly good place to see the endangered black rhinoceros enjoying a lonely meal out on the grass plains, as well as a place to see large numbers of hippopotamus enjoying the cool water. From the comfort of your open-top vehicle, you'll be able to observe and photograph some of Africa's most recognisable faces. The crater is home to a large number of predators including lions, leopards, cheetahs, jackals, and hyenas, as well as a large population of wildebeest, zebras, antelope, cape buffalo, and more. It is truly one of Africa's premier safari destinations.
