TOUR DETAILS:

The open horizons and abundant wildlife of the Mkata Floodplain, the popular centrepiece of Mikumi, draw frequent comparisons to the more famous Serengeti Plains. Lions survey their grassy kingdom – and the zebra, wildebeest, impala and buffalo herds that migrate across it – from the flattened tops of termite mounds, or sometimes, during the rains, from perches high in the trees. Giraffes forage in the isolated acacia stands that frinae the Mkata River.
